

Model year 2016 changes by model

(Desktop article AU0325-15)

A1

No further changes other than the increase in the optional metallic paint charge.

A3

There are two new quattro powertrains for MY16: a 1.6TDI quattro 110PS manual available on SE and Sport trim Sportback and Saloon only and a 2.0 TDI quattro 150PS manual available on Sport and S line trims on all bodystyles. The new 1.6 TDI quattro will start production in June, with first deliveries expected in August.

Also, the 1.6TDI 110PS manual will become the new A3 ultra, the first introduction of ultra for the A3 range. This engine will be available on SE and SE Technik trims with CO2 emissions from as little as 89g/km for 3-door and Sportback and 92g/km for Saloon.

Effective for MY16 cars from build week 22:

	Model	Option	Code	RRP inc VAT	Note
New	All A3	Ibis white (solid paint)	T9	-	Replacing Amalfi white
Disc	All A3	Amalfi white (solid paint)	Y5	-	Replaced by Ibis white

New	A3 Sportbackand Saloon– SE and Sport models only	1.6 TDI 110PS quattro (manual)	8V*F9	-	SOP June, first deliveries expected in August
New	All A3 Sport and S line models only	2.0 TDI 150PS quattro (manual)	8V*BR9	-	

Disc	All A3	1.8 TFSI 180PS (manual and S tronic)	8V*B6*	-	No longer available
Disc	All A3 Sport models only	1.8 TFSI 180PS quattro (S tronic)	8V*B6L	-	No longer available
Disc	A3 3-door and Sportback S line models only	1.2 TFSI 110PS (manual and S tronic)	8V*BK*	-	No longer available
Disc	All A3	Ski/snowboard bag	3X2	£75	No longer available
Change	All A3	Interior mirror design	-	-	New design
Change	All S3 S tronic models	S tronic paddles	-	-	New smaller, chrome design

Changes to A3 pricing

There are changes to the pricing for the A3 Sportback e-tron. See [AU0277-15](#) for details.

A4

The A4 range (excluding A4 allroad) remains as MY15. The changes below are effective for all cars from build week 22:

	Model	Option	Code	RRP inc VAT	Note
Disc	A4 Saloon and Avant	1.8 TFSI 120PS (manual) EU5 engine	8K*01C	-	No longer available
Disc	A4 Saloon and Avant (SE Technik and S line)	2.0 TFSI 225PS quattro (S tronic)	8K*0AY	-	No longer available
Disc	A4 Saloon and Avant (S line only)	S Line 3.0 TDI 245PS quattro (S tronic)	8K*0JY	-	No longer available
Disc	A4 Saloon and Avant	Brilliant red (standard paint)	C8	-	No longer available. Stock orders converted to post week 22 changed to Brilliant black.
Change	All S4 S tronic	S tronic paddles	-	-	New smaller, chrome

	models				design
--	--------	--	--	--	--------

It was announced that the 8K*0WH, 2.0 TDI 177PS multitronic S Line was to be discontinued. In fact it will continue to be offered, following feedback from the network.

New EU6 emission engines will replace current EU5 engines across the A4 range resulting in some power and CO2 changes. These affect the following engines (manual and S tronic):

Current EU5 engine	Replacement EU6 engine
2.0 TDIe 136PS front-wheel drive EU5	2.0 TDI 136PS ultra front-wheel drive EU6
2.0 TDI 177PS front-wheel drive EU5	2.0 TDI 190PS front-wheel drive EU6
2.0 TDI 177PS quattro EU5	2.0 TDI 190PS quattro EU6
2.0 TDI 150PS front-wheel drive EU5	2.0 TDI 150PS front-wheel drive EU6
3.0 TDI 245PS quattro EU5	3.0 TDI 245PS quattro EU6

Any existing orders that can't be built as EU5 will be automatically converted by Audi UK. Full technical information can be found in the price and specification guide that will be available to download on Desktop when these models are open for ordering.

New ultra 136PS engine

The launch of the EU6 2.0 TDI 136PS engine means there are now two ultra models on A4 Saloon and Avant offering the lowest CO2 emissions and most economical fuel consumption in the range.

New standard specification

From build week 22 S line Nav, Black Edition Nav , S4 Nav, S4 Black Edition Nav and allroad Sport Nav models will come with MMI Navigation Plus (PNQ) as standard. The trim names have changed to highlight the new 'nav' equipment. As a result there are changes to the A4 range pricing. For details, see article AU0338-15.

SE Technik models have a new single frame front radiator grille with chrome horizontal bars. See AU0338-15.

New optional S Line trim in Rotor Grey

Due to strong request to offer S Line trims in an alternative colour to black, Rotor Grey will now be offered as an optional upgrade (at no extra cost) for S Line Nav and Black Edition Nav customers. See article AU0338-15.

A5

Effective for MY16 cars from build week 22:

	Model	Option	Code	RRP inc VAT	Note
Disc	All A5	Brilliant red (solid paint)	C8	-	No longer available
Disc	All A5	Shiraz red (metallic paint)	3A	£615	No longer available
Disc	A5 Sportback SE Technik	18-inch x 8J '10-spoke Exclusive' design alloy wheel on ultra	C3A	-	No longer available
Change	A5 Sportback SE Technik 2.0 TDI 136PS ultra	Standard wheel now 17- inch x 7.5J 'Five-arm' design alloy wheel	CD7	-	Change in standard wheel
Disc	A5 Sportback	Standard trim	-	-	No longer available
Disc	A5 Sportback SE only	1.8 TFSI 170PS quattro (manual and multitronic) in SE trim	8TA03*	-	No longer available
Disc	A5 Sportback SE only	2.0 TFSI 225PS quattro (manual and S tronic) in SE trim	8TA0A*	-	No longer available
Disc	A5 Sportback SE only	2.0TDI 150PS multitronic in SE trim	8TA0SH	-	No longer available

Disc	All A5	Micrometallic inlay	5MA	-	No longer available
Change	All A5	Aluminium Trigon inlay	5MU	-	Replaces 5MA
Change	All A5	Door trim inserts in leather	-	-	Door trim inserts now come in Alcantara with Fine Nappa leather or leather/Alcantara upholstery
Change	S5	S tronic paddles	-	-	New smaller, chrome

					design
Disc	All A5 (exc. S5)	20-inch x 9J '5-double-spoke' design alloy wheel	PQQ	Varies by trim	No longer available

A5 Sportback SE Technik 2.0TDI 136PS engine

At MY16 A5 Sportback SE Technik 2.0 TDI 136PS ultra standard offer changes to include the 17-inch x 7.5J 'Five-arm' design alloy wheel as a replacement for the previous 18-inch x 8J '10-spoke Exclusive' design alloy wheel. This is because of the substantially increased emissions on the 18-inch wheel. The surcharge for this model only is reduced to £950.00 RRP at MY16.

New EU6 emission engines will replace some current EU5 engines across the A5 range resulting in some power and CO2 changes. These affect the following engines (manual and S tronic):

Current EU5 engine	Replacement EU6 engine
2.0 TDI 136PS front-wheel drive EU5 (Sportback only)	2.0 TDI 136PS front-wheel drive EU6 (Sportback only)
2.0 TDI 150PS front-wheel drive EU5 (Sportback and Cabriolet only)	2.0 TDI 150PS front-wheel drive EU6 (Sportback and Cabriolet only)
2.0 TDI 177PS front-wheel drive EU5	2.0 TDI 190PS front-wheel drive EU6
2.0 TDI 177PS quattro EU5	2.0 TDI 190PS quattro EU6
3.0 TDI 245PS quattro EU5	3.0 TDI 245PS quattro EU6
3.0 TFSI 333PS quattro EU5 (S5 Cabriolet only)	3.0 TFSI 333PS quattro EU6 (S5 Cabriolet only)

In addition to the above the 1.8 TFSI 170PS engine receives a power increase to 177PS at MY16.

Any existing orders that can't be built as EU5 will be automatically converted by Audi UK. Full technical information can be found in the price and specification guide that will be available to download on desktop when A5 MY16 is open for ordering.

Changes to A5 pricing

In addition to the new options listed above there are changes to the pricing for the A5 range. See article AU0325-15 for more information.

Change	SQ5	S tronic paddles	-	-	New smaller, chrome design
Change	Q5	Door trim inserts in leather	-	-	Door trim inserts now come in Alcantara with Fine Nappa leather or leather/Alcantara upholstery

New EU6 emission engines will replace some current EU5 engines across the Q5 range resulting in some power and CO2 changes. These affect the following engines (both manual and S tronic):

Current EU5 engine	Replacement EU6 engine
2.0 TDI 150PS quattro EU5	2.0 TDI 150PS quattro EU6
2.0 TDI 177PS quattro EU5	2.0 TDI 190PS quattro EU6
3.0 TDI 245PS quattro EU5	2.0 TDI 258PS quattro EU6
3.0 TDI 313PS quattro EU5	3.0 TDI 313PS quattro EU6

Any existing orders that can't be built as EU5 will be automatically converted by Audi UK. Full technical information can be found in the price and specification guide that will be available to download on desktop when Q5 MY16 is open for ordering.

Changes to Q5 pricing

In addition to the new options listed above there are changes to the pricing for the Q5 range. See article AU0325-15 for details.

Q7

Q7 moves to MY16 when the all-new Q7 opens for ordering at the end of April.

TT

Effective for MY16 cars from build week 22:

	Model	Option	Code	RRP incl VAT	Note
Disc	All TT	Ski/snowboard bag	3X2	£75	No longer available
New	All TT	Reversing camera	KA2	£450	
New	TT Coupe	Audi Design Selection- Murillo brown	PEP	TBC	
New	TT Roadster	Audi Design Selection- Admiral blue	PEP	TBC	

R8

Current R8 production is full and moves to MY16 with the all-new R8.

Discontinued engines and options

These were removed from ordering on 27 February 2015 unless there was a direct replacement (eg Phantom black replaced by Mythos black). See article [AU0180-15](#).

2015 Vehicle Excise Duty and new delivery charge

All on-the-road prices from 1 April include the new Vehicle Excise Duty charges and revised delivery charge. See article [AU0211-15](#).

Amending orders from MY15 to MY16

Audi UK will start to convert orders to MY16 specification when all production has been filled for MY15 (up to and including week 21). This may vary from model to model because of production weeks and lead times. Wherever possible, customer orders will be built as MY15 if ordered as MY15. Where it is not possible to build an MY15 vehicle the order will be converted to MY16 and any adjustments to optional specification will be made on a car-by-car basis to secure the best value for the customer. Centres should check customer orders that have been converted and flag any discrepancies before the vehicle is confirmed for build with the sales office.

Any demonstrator, showroom and stock orders (order types 05, 06, 07) that are on wait list will be deleted from the system. Customer order types on wait list (order types 00 to 04) will be converted to MY16 but will remain on the wait list until the Centre has available quota.

Price protection

Retail orders (all models except A4): Customer-tagged orders submitted as MY15 will be price-protected at the existing retail price. Any new retail orders for the above models ordered as MY16 will have the new retail price.

A4 orders: Detailed information about conversions and price protection for A4 MY15 orders with or without MMI Navigation Plus (PNQ) will be published as soon as it's available.

Fleet orders: Any fleet orders placed on SLi by close of business on 18 May will be price-protected at the existing price and managed by Audi UK through the consignment process.

To make sure your vehicles have consigned at the lower price, email audifleetsales@audi.co.uk by 20 May with SLi numbers for all fleet factory orders placed from 20 April to 18 May inclusive. We will amend the consignment values and contact you if proof of quotation and purchase order from the leasing company or customer are required.

All orders: Changes made to certain customer detail fields will result in a loss of price-protection. More information about allowed changes to customer details is in the [Centre supply handbook](#) on Desktop.
